There were 3 forms. There were no meaningful differences in the average scores between forms. On this test, these are approximate breakdowns since discussions of exact grades are meaningless at this time:

45-37 probably an "A/A-" grade there were 48
 36-30 probably a "B+/B/B-" grade there were 55
 28-20 probably a "C+/C" grade there were 39
 below 20 is not passing at this time,

If you plan to contest your examination grade, please read the instructions found in the syllabus. You have until 4pm on October 29, 2003 to submit a challenge in writing. E-mail is considered "in writing". Please remember that responses on your answer sheet, which I keep, are considered the final answers for a problem if an answer sheet response was required. If there are differences between what you marked on your exam and what you submitted on the answer sheet, it is understood to be your copying mistake.

Your Teaching Assistants have been asked to go over the exam with you. Answer keys will be posted as soon as possible.
